

Interview

In this exercise you are going to interview each other, so you have to ask a lot of questions and to answer your partner's questions. When you ask a question in English, you often have to use DO, DOES or DID, for example:

'Where **do** you live?' 'Does he like rock music?' 'Did you like the concert?' etc.

Ask your partner if he/she has

pets
a big family
a bicycle... (Please, go on with other examples!)

Does your partner like to

play football
go on holiday
read books
watch movies
go shopping
go to the cinema...

How often does your partner

go to a concert
clean
eat at McDonald's
write an e-mail
use Google Maps...

When does your partner

get up in the morning
go to bed in the evening
take a walk with the dog
charge his/her phone...

You also want to know something about your partner's **family or friends**.

Ask about mother, father, brother, girlfriend, son, wife, husband, etc.

Do these people

live near your partner
have a job
go skiing in winter
speak English/German...

(For example:

Does your brother **speak** German?)

Then try to find out what your partner and his/her family **DID yesterday, last week or last year!**

You are free to ask other questions than those suggested above! Have a good time!
